Dear Alessio:

On 27 June 2009, the IEEE Member and Geographic Activities Board (MGA) recognized the **IEEE South Brazil Section** as a recipient of the 2008 MGA Section Sustained Membership Growth Award for success in member recruitment and retainment for Region 9.

Each year, a Section in each Region is recognized as having achieved continued success in attracting and retaining IEEE membership. A set of 3-year results (4-year membership totals) are tabulated as extracted from the individual year Section Membership Growth Award results. The recipient is the Section with the best total score. Each recipient shall receive an animated graphic noting this achievement which can be displayed on the Section's web site.

On behalf of the entire IEEE Member and Geographic Activities Board, please convey our congratulations to the **IEEE South Brazil Section** for having achieved this honor.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joseph V. Lillie'.
