Special Sessions

Proposals for special sessions may be submitted to the Organizing Committee. Proposals must include the session title, objectives, an list of 4 to 6 session papers and an email for contact.

Submit your proposal up to June 8th by email to Celso M. Furukawa (cmfuruka@usp.br)

Paper submission

Contributing authors may submit full papers written in Spanish, English or Portuguese, following the instruction available online at www.ieee.org.br/induscon.

The best papers submitted in English will be forwarded to the publication committee of the *IEEE Latin America Transactions* for possible publication.

Simultaneous Conference and Exposition

The 9th INDUSCON will be held simultaneously with the 2010 *IEEE/PES Transmission & Distribution Latin America*.

Both conferences are organizing a huge Exposition with more than 3,000 m² of area available, to bring together the main institutions of the electrical field of the Latin America, covering from energy generation to large consumers, besides producers of electric equipments and products.

For further information about displaying products and services on the Exposition, please check web site of the INDUSCON.
